**Are you looking for a new challenge in the field of yacht engineering? An interesting, forward-thinking company that wants to employ you for the long term?**

**THINK  
EXCEPTIONAL**

## ABOUT US

Working for us means taking responsibility for the challenges you face every day. We are a new shipyard in Kiel, Germany, specialising in the construction of high quality aluminium sailing yachts designed by Berckemeyer Yacht Design. Grow with varied tasks, learn every day and develop your skills. You have the will to work as a team to achieve the company's goals and to contribute ideas to improve our yachts and services. Join our crew!

We are looking for ambitious and motivated people who share our friendly corporate culture want to contribute the success of Pure Yachts.
